

Application Process for Practical Nursing

The qualification deadline is noon, Friday, October 26, 2019, for the Hybrid Practical Nursing class set to begin in January 2020, at the Tennessee College of Applied Technology - McMinnville. Potential students must submit all required material by that date. Applicants enrolled in Dosage Calculations for Nurses and Anatomy and Physiology classes at the qualification deadline will be accepted on a conditional basis, subject to passing grades and space availability.

To apply for the program, you should submit an electronic application at the TCAT McMinnville website www.tcatmcminnville.edu. In addition, all nursing applicants must complete The Allied Health [Application for Enrollment](#). The form is also available on-campus and can be downloaded from the Practical Nursing program page or Admissions page on the TCAT website.

Potential students are informed of the following requirements: Your application for enrollment is not complete until you have provided an official high school/GED transcript and proof of MMR and Varicella immunizations. All Practical Nursing applicants must also complete prerequisite classes in Anatomy & Physiology I & II and Dosage Calculations for Nurses.

As prerequisites, these classes do not qualify for state or federal financial aid. However, all potential students are encouraged to complete a 2019 – 2020 Free Application for Federal Student Aid (FAFSA) if starting the program in January 2020. FAFSA is the form students use to apply for the federal Pell Grant (need based) and the state Wilder-Naifeh Technical Skills Grant during the one-year length of the Practical Nursing program. Students may also qualify for the Tennessee Promise or Tennessee Reconnect grants. Go to the website www.fafsa.gov to complete a FAFSA.

On-campus prerequisite classes are scheduled to start in September 2019:

Anatomy and Physiology will begin on Thursday, September 5, 2019, from 5-8 p.m. and will meet on Mondays and Thursdays in the Practical Nursing classroom through December 12, 2019. Cost for the 80-hour course is \$304 plus books (approximately \$70).

Dosage Calculations for Nurses will begin on Tuesday, September 3, 2019, from 4:15-7:15 p.m. and will meet Tuesdays through December 3, 2019, in Room 108. Cost for the 40-hour course is \$237 plus books (approximately \$100).

To secure a slot in either or both prerequisite classes offered on campus, students must complete enrollment forms by August 21, 2019 and pay the fees no later than August 30, 2019. Books for both classes are available at the campus bookstore and must be purchased prior to beginning class.

Prerequisite classes are also available online through Tennessee eCampus. Cost is \$366 plus books for Anatomy and Physiology and \$317 plus books for Dosage Calculations for Nurses. More information is available at the website: <http://www.tnecampus.info>.

For more information call Student Services at 931-473-5587.
